

Monthly Meeting
8 June 2010
Electrical Safety

President John Moore, N1FOJ brought the meeting to order at 1930 hrs after which all members introduced themselves. John turned the meeting at over to Tom Richardson, AB1CL, for our Electrical Safety presentation.

At 2050 hrs, we broke for refreshments.

At 2105 hrs, the meeting was reconvened.

1. Field Day was the major topic of discussion. Copies of Field Day rules and regulation were passed out to the membership. A list of Band Captains was passed around too. It was noted that Jerry Hull was brining some laptops and was going to be sure that there was WIFI access at the site too. Logging and dupe sheets will be made available onsite. Also, a Band Captain for the GOTA station was still needed. The person will need to have an Extra license to cover all frequencies and privileges.
2. A motion by Don Curtis, N1ZIH, and seconded by Steve Jones, N1JHJ, to spend up to \$450.00 for Field Day food. Voted and passed.
3. Other Field Day discussions continued.
4. A reminder that the Business Meeting will be held on 22 June 2010 at Lee Scott's, AA1YN, house. Time at 1900 hrs.
5. Treasurers checking balance was \$7,643.76
6. It was reported that we have the 15 and 10 Meter antennas
7. There was some discussion about bug control for Field Day. The field cannot be treated due to the fact the field is used as a food source for some animals. It was suggested that all members bring their own "favorite" bug repellent and to be sure that it prevents ticks.
8. Dave Connors, N1KTP, had some questions about the trailer. There was some discussion.
9. Peter Stohrer, K1PJS, volunteered to be the GOTA captain.
10. The secretary read the minutes of the business meeting
11. It was noted that the next regular meeting would be at Lee Scott's, AA1YN, on 31 July 2010 where the club picnics will be held. There was some discussion about

maybe having a “Field Day wrap-up” meeting before then to be held at the library as usual.

12. President Moore entertained several motions to adjourn the meeting and there were many seconds. Voted and passed.

Respectfully Submitted by

Carl “Skip” Glover, Jr. K1SPG
Contoocook Valley Radio Club
Interim Secretary
